

*Office Memorandum* • UNITED STATES GOVERNMENT

TO : C/TSS/APD/OB

DATE: 5 December 1958

FROM : Executive Officer, PIC

SUBJECT: Reduction Printer, Stage Plate, Fiducial Lines

To verify our telephone conversation of 5 December 1958 the following has been accepted with regard to the Reduction Printer, Stage Plate, Fiducial Lines. Appropriate personnel at PIC have studied the [redacted] The specifications and tolerances meet with our approval with only one exception. There is no indication on the drawing of the tolerance with which the perpendicularity of the major X and Y axes will be held. It should be noted on the final drawing that this will be 90° plus or minus the same tolerance for the remainder of the Reduction Printer.
